## WORK EXPERIENCE

---

### GNC (General Nutrition Center)

May. 2022 – Sept. 2023

*Store Manager*

*Las Vegas, NV*

- GNC is a leading global specialty health, wellness, and performance retailer.
- As a Store Manager, I supervised and ensured my retail store's daily operations including opening/closing procedures, cash handling, preparing & managing bank deposits, and implementing effective sell strategies to exceed sales targets to a team.
  - **Key Results:** Consistently exceeded sales targets by \$5,000 or more, placing my store's performance in the top 3 in the entire district.
- Worked with Loss prevention and District Managers to ensure Inventory Shrinkage percentage was reduced.
- Recruited, interviewed, trained, and motivated staff to enhance team productivity and retention. Scheduling and processing my team's payroll weekly.

### Target

Nov. 2023 – Present

*Store Associate*

*Las Vegas, NV*

- Target Corporation is a leading retail store known for a wide range of consumer goods.
- I prioritize work productivity to meet deadlines and ensure shelves are efficiently stocked and displayed according to company standards. I consistently unload heavy 2,000+ piece trucks daily with and without assistance/accommodations.
- Provided friendly and knowledgeable service assisting guests in locating items and answering product-related questions.

### In-N-Out Burger

Apr. 2021 – Jan. 2022

*Store Associate*

*Las Vegas, NV*

- In-N-Out Burger is a privately owned, family-operated fast-food restaurant chain with a loyal customer base.
- As a Store Associate at In-N-Out Burger, I operated and maintained my own register daily, and provided a welcoming and satisfying experience to our guests. Maintained and restocked the dining room, which included straws, lids, drinks, and tables for guests.

### Alvarez Lawncare LLC

Nov. 2019 – Jan. 2021

*Landscaper*

*Las Vegas, NV*

- Alvarez Lawncare LLC is a landscaping company specializing in lawn maintenance and land renovations
- As a landscaper, I was tasked with preparing the ground for sprinkler system installations and repairs. After installation clean-up was mandatory and required attention to detail. This included cleaning rocks, dirt, and leaves up to 75 lbs daily.
